same subj.

1. This memorandum contains a request for the approval of the Deputy Director for Support. This request is contained in Paragraph 4.

2. Reference A submitted a recommendation that the Agency mandatory retirement policy be waived in the interest of cover and security for those personnel employed at [REDACTED] who are hired locally, are not assigned to a career service, and are non-rotational. In response thereto, Reference B requested a more precise delineation of the types of employees involved and invited separate requests for extensions of service for those employees scheduled for retirement in September 1966.

This listing was prepared in compliance with the request of Reference B and is submitted for review notwithstanding the fact that we have been advised informally that no "blanket" waiver of Agency retirement policy will be approved, and that requests for extensions of service will be considered only on an individual basis.
